

FORGIVENESS Sanctuary
Healing and Wholeness Through Restoration

Unity of Houston is excited to announce the initiation of Forgiveness Sanctuary, a monthly experience that supports and facilitates mental, physical and emotional healing through the powerful tools and techniques of Radical Forgiveness, a process that releases us from the bondage of unhealed hurts and erroneous beliefs that keep us stuck in lack, limitation, self-hatred, misperceptions, projections and a multitude of unhealed hurts. This monthly gathering will open the way for individual and collective healing through step-by-step techniques that are based on UNITY principles, metaphysical concepts, insights of A Course in Miracles, Neural Linguistics; Subliminal guidance and group support. Participants will be given tools for daily use to provide ongoing support toward a shift in consciousness that impacts the individual and collective consciousness for the healing of the world.

Forgiveness Sanctuary will host both a morning and evening session to accommodate varied schedules.
